Saugus, MA 01906

Dear Mr. Robitaille,

Thank you for your recent letter relative to Representative Angelo's bill regarding professional home inspectors. I agree with you that prospective home buyers should hire home inspectors of their choice. It is for these reasons that I will be supporting Representative Angelo's bill.

On a separate note, I have enclosed for your information a bill that I filed last year and again this year that would require licensing of home inspectors by the State Board of Building Regulations and Standards. I would be interested in hearing your thoughts.

Thank you again for writing and expressing your concerns.

Sincerely,

A handwritten signature in cursive script that reads "Frank G. Cousins, Jr.".
